Hamilton's Property Portfolio's Brenda Gilbert is thrilled to be a part of the wonderful achievement by MaDD (Making a Difference Dainfern) at the Fair in Dainfern. As per the MaDD Team:

“ We are proud and delighted to say that together, we generated vitally-needed funding in excess of R64 000 for the Teddy Bear Clinic and it was largely due to your huge contribution of inflatables that it was such a resounding success. ”

Huge thanks to MaDD for making our community an even better place to live in.

Dear Residents

The sun is out and what a pleasure it is to see people out and about enjoying the first signs of Spring around the Estate, its delicate new shoots on the trees sprouting and the blooms of the *Dombeya Rotundi folia* or Wild Pear one of the first Indigenous trees to flower in Spring. There certainly has been a lot of activity about with people jogging, cycling and enjoying their walks, and enjoying the trails which keeps us on our toes.

A **BIG THANK YOU** to Turfnet and the nature team for keeping the areas in such pristine condition.

Rainfall

The recent rain we experienced was greatly welcomed. Let's hope more rain is on the way.

André Marx has recorded the following rainfall.

August: 1mm- month average 8mm

September: 47mm- month average 19mm

October: 65mm up to 20 October – month average 73mm

Birds and Beasties

Another owl release project is taking place this year and a nature association member together with Eco-solutions and Owlproject.org is currently hosting 4 young African Eagle-Owls (*Bubo africanus*).

Rescue owls for release and rehabilitation are only removed from their environment if they are in danger due to the location of the nest or are subject to hostility from humans. Unfortunately there is still a culture of superstitious belief about owls. 3 of the owls were rescued together and the 4th one was a last minute addition as he

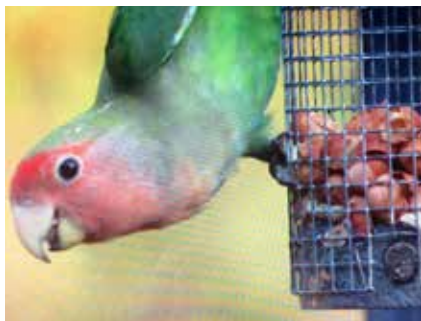

had been rescued the day before the 3 owls were to be moved to Dainfern.

The owls are estimated to be between 8 to 10 weeks old, this estimate is based on the fact that their facial discs are already in place.

The release of the owls will take place in early November and as always we hope that these beautiful birds will decide to make a permanent home in Dainfern.

3 of the young African Eagle-Owls

Lovebird visiting Wim Spronk's garden

A vervet monkey was spotted by a resident and although very exciting to see, please do not feed and encourage wildlife to your home, as there could be repercussions.

Wim Spronk had some lovely visitors to his garden recently, a flock of Rosy face Lovebirds. Wim managed to snap a picture of one of them on his feeder.

Nature

ANIMATED GALLERY

Christine Shaw sent in a few interesting photos. At first Christine could not make out what it was on her back wall and even wondered if it was dried cats vomit, however Geraldine identified it as a slime mold. According to Bonnie Grant an Agriculturist, slime mold is not a fungus or a mold, or a

plant. Slime molds are in a class of their own and there are over 700 species.

Slime mold will not hurt you or the environment or plants, in fact they could be of use as they may protect your plants by consuming pathogens and bacteria.

Ref: <https://www.gardeningknowhow.com/ornamental/fungus-lichen/what-is-slime-mold-slime.htm>

Rubbish Dumping

Please note that dumping is not prohibited. Garden refuse dumping is becoming a problem on the estate and we appeal to the residents to place their garden refuse in bags. Fines will be introduced. Tufnet have a FREE refuse removal each week. You can contact them on 073 935 9754 / 011 469 5051/4.

Plant of the month

Crinum growing in the wetland area

The Crinum which has sprouted in the Wetland is looking stunning. Take a walk through this beautiful area that the Nature Association created quite a few years ago.

With more migrant birds arriving over the last few weeks, it's time to take another look at our wonderful bird life!!!

André Marx will be leading our next bird walk on Saturday 6 November. We are meeting at the Clubhouse at 6:45am to leave at 7:00am sharp.

All welcome, don't forget your binoculars! Sorry no dogs allowed.

***Look forward to seeing
you all there!***

Oktoberfest

Dainfern & SIX33 Oktoberfest took place on Saturday 23rd October. Fun was had by all. Thank you to all, who made this such an amazing day!

NO fireworks are allowed in the Estate at any time.

General Manager's Report

By David Weyers

The warmer weather has been welcome in addition to the beautiful rain we have had so far. The golf course is looking spectacular as it is now emerald green. We are blessed to be living and working in such a beautiful Estate.

Bidding farewell to Mr Fanie Bester

I'd like to take this opportunity of bidding farewell to Mr Fanie Bester from the Golf Data team, who worked tirelessly with Turfnet, the Dainfern Nature Association and the DHA to keep our golf course in tiptop condition. We wish him very well in his new position.

see the clubhouse and golf course buzzing with activity. The Dainfern Spring Family Fair, hosted by the MaDD team was an opportunity for families to get out and mingle on a perfectly hot day at the Pavilion. Our Oktoberfest and Halloween celebrations were extremely well supported and enjoyed by all, both young and old.

We look forward to the Dainfern Christmas Market and Christmas Carols which are such special occasions hosted by the Dainfern Homeowners Association. Come and join us as we support entrepreneurs and wind down for the end of the year, enjoying some well-deserved time out with our families and friends.

We are reminded of the increase in crime over this upcoming silly season and ask that you be extra vigilant, especially at shopping centres. Our thanks go to our incredible Security Team who are always on their toes keeping our properties and families safe around the clock.

Please take the time to support those in need around us. There are various charities and fund-raising golf days that need you to assist wherever you can. As a community, we have always pulled together and helped when there has been a request, and for this, we thank you.

Stay safe and remember to always be kind to others.

The relaxing of restrictions to adjusted level 1 has also allowed us some more freedom, for which we are grateful. Due to this, we have been able to host several events on the Estate and we thank you for your support.

The highlight in October was our 30th Celebration of the Dainfern Country Club, which was rolled out in our Festival of Golf. It was wonderful to

**BEST INTERNATIONAL
REAL ESTATE AGENCY 2020-2021**
INTERNATIONAL PROPERTY AWARDS

45 years
of remarkable
people & property

An International
Network of Agents

Company/Trust to be formed

Can you purchase a property on behalf of a company or a trust that is not yet formed?

Purchase on behalf of a company to be formed

It is possible to enter into a sale agreement on behalf of a company that still has to be established. The important factor is that the directors have an obligation to completely, partially or conditionally ratify or reject the contract within three months after the company has been incorporated. If the board of directors fails to exercise the above, the company will be regarded as having ratified the agreement.

If the agreement is ratified or deemed as ratified, it will bind the company as if the company had been a party to the agreement when it was initially concluded.

The person who entered into the agreement of sale on behalf of the company, is held jointly and severally liable with any other liabilities emanating from the company's pre-incorporation contract if the incorporation does not take place or incorporation does take place but the company rejects any part of the agreement of sale.

In all cases where the purchaser buys the property / land on behalf of a company to be registered, a special clause is usually inserted in an agreement of sale in order to protect the interest of the Seller. This clause will stipulate that the person who

entered into the agreement of sale on behalf of the company, the representative, will be liable in his personal capacity if the company is not established within a specified period or if it is established, it rejects the contract within a certain period.

Purchase on behalf of a trust to be formed

Section 6(1) of the Trust Property Control Act 57 of 1988 provides that a person appointed as trustee of a trust shall act in that capacity only if authorized thereto in writing by the Master of the High Court. This means that the trustee can only act once he has received a letter of authorization by the Master. All acts concluded by such a person in his/her capacity as trustee of a trust yet to be formed prior to the receipt of the written authority of the Master shall be null and void.

The above is purely a brief summary and proper advice should be sought should you find yourself wanting to purchase on behalf of a company or trust still to be formed.

DNA Estate Maintenance Update

The Dainfern Nature Association had there quarterly meeting and budget was approved for continuation of maintaining nature areas on the estate...

Herewith Olivia's report at the meeting:

ANIMATED GALLERY

Saw Grass grasslands are looking good, the first signs of new weeds are beginning to come through, but we are vigilant and try to jap them as quickly as we can. Reeds on the dams will be needing to be removed again soon, but for now they are fine.

Love grass has been re seeded in places, and my new shade grass experiment is growing nicely, however the ducks seem to

like my new green patch too, which is annoying.

Dams are looking much better since the rains.

Montague / Bentwood Grassland needs some attention and the Love grassland bank at the 4th definitely needs more sowing of seed in the bare patches to thicken this up. This is on our list to do.

Big Monitor Lizards move between us and Steyn City as they leave their tracks in the sand. Cyclists are riding on our track which is annoying as this is where small creatures come through from Stein City and the cycle tracks definitely interfere with identifying the little spoor on the path, as this path is quite concealed in places it is also quite dangerous to have cyclists on the walk as bikes travel at quite a speed and one does not always hear them coming.

CLUTTER CLEANERS

Life is better without clutter.
Why not let us declutter your life,

Deceased Estates, Emigrating or
just a good old Spring Clean!

If you are clearing out please call us!

Vicky 082 898 7086

DNA REPORT

continued from page 16

Rocky Ridge is fine, having installed split polled barriers with a walkway for pedestrians to hopefully stop cyclists navigating down there. On a recent walk there, I saw a number of sun birds in the aloes which was lovely to see!

It is time for the Paradise Fly Catchers, so keep a watch out, for they are a striking beautiful bird who just love this spot which is close to the river.

Combretum River Walk, is fair, we together with Moses maintenance and help from Thabo maintenance, have been filling and fixing old gabions, and building more support over the area by the steps that were washed away, they are still busy and only time will tell how this all holds when the rains come down. We will know whether we have been successful, but something had to be done to try and save that corner, the river can be powerful when it does come down, so we will be keeping our fingers crossed that it holds.

The Wetland is fine, the area has been brush cut and weeds removed as well as scum of the dam taken off regularly. The paths are needing more chip bark in places and beds behind the 12th have been replanted and extended to the dirt road. Aloes were cleaned, trees lifted, and beds sorted out where needed.

The area by the 12th rain shelter has been ear marked, for a drinking water spot for the workers which is still on the cards to be done and an important one for the workers to get their drinking water more easily.

Butterfly Walk, needs Chip Bark on the paths, beds have been replanted in places, we have to juggle the watering, but await the 2 new tanks which Damian and Shawn have proposed for us further up, which will help when water is scarce.

Highgate Dam Area, looking good, as the beds were revamped in the winter which is a huge improvement.

Caffra cut Through – is fine.

16th Fairway flower bed is looking nice, it would be good to get part of that long bed organised with sprinklers which would help. Flower beds that were looking shabby, have been replanted, and are looking good again...

Bush Baby the guys have been very busy, and this is always ongoing as it is a big, shaded area, where weeds grow fast, especially moth catchers and morning glory.

Willowgrove needed a bit of a revamp and clean up, trees were lifted along the path from the village to the golf course area, luckily the winter gave us the time to catch up with all of these smaller requests.

The 10th fairway bush area had a big blitz, this is also ongoing with the weeds and is one of the areas that cyclists now use, so there is a well worn path through this area, which is fine.

We could do with a better short logged walking path between 10th and 8th hole, which would neaten that corner, so will see when and how to do this?

9th fairway clean-up, on the cards.

Poplar Marsh not too bad, the area by the balustrade I find looks a bit messy, we can look at maybe placing some whitish stones under the barrier or some cladding long term might be an idea, will keep in mind with the DHA maintenance, when we have time in the future.

Trent Pump House area is fine and recently had a blitz and fix, the path needs chip bark, and new logs. We shall wait for the river to come down, where we collect and use the logs for paths.

Trent Dam, needs brush cutting and Trent Weir needs to be checked.

The Wonderful interesting bird Walk by André Marx was a great success, one of the highlight seen was the Lesser Honey guide, lucky for those that saw it.

Spring Day!

The **MaDD ladies of Dainfern** would like to extend a heartfelt thank-you to the Dainfern residents and friends & families further afield for supporting our Fair at the Pavilion on Saturday - and providing such positive feedback!

We are proud and delighted to say that together, we generated vitally-needed funding in excess of R64 000 for the **Teddy Bear Clinic** which provides a vital service to abused children.

Thank you to the wonderful sponsors of this event and the donors of the fabulous prizes we handed over to the many lucky raffle winners. **We acknowledge, with grateful thanks, our main sponsors:**

Protea Hotel by Marriot@Kruger Gate, CCBA Coca Cola Beverages Africa, Hamiltons Real Estate, Tourvest's aha Makalali Hotel and Le Morgan Homeware.

We also thank our vendors for their valuable participation - their stall fees formed a large portion of the funds generated. Thanks too, to our fabulous volunteers who lightened the MaDD team's load considerably with their energetic and enthusiastic assistance; Peet Trollip and his security team for ensuring a smooth flow of visitors and vendors through our gates; and to Shawn van den Berg & team for on-site assistance.

The Team :

What are we up to next?

Rotary Award

On Friday 8th October, Susan Harwood of Dainfern received the Rotary's highest honour award "Service above self" at a recent ceremony in the Rosebank Branch. Susan was nominated by David Bradshaw, a longstanding Rotarian who is setting up a Rotary group within Dainfern.

Interested people who would like to join Rotary which does incredible work for the less fortunate worldwide may contact David on 083 461 6830. This award is internationally competitive and is granted to no more than 150 Rotarians worldwide each year. This is the fourth award Susan has won since 2019.

Supporting Creches

Bags of ❤ continues to support two creches in the Thabo Mbeki informal settlement by purchasing monthly groceries since the beginning of lockdown last year.

Another two residents involved in supporting these creches are Priscilla Genio and Marie-Paule Mpore providing beautiful party events for the childrens birthdays.

HEALTH & WELLNESS

Reflexology

**ARE YOU STRESSED?
BODY ACHES AND PAINS?
HEALTH PROBLEMS?
CANT SLEEP?
ANXIETY?**

Reflexology is a treatment that deals with the certainty that there are reflexes on the hands and feet that are connected to all glands, organs and system of the body.

Reflexology is an exclusive science of using a thumb and finger technique on these reflex areas and once stimulated can bring the body back into balance.

The main aim of the treatment is to balance a system in a diseased state by releasing energy blockages and toxins, improving blood and nerve supply. This promotes healing and optimal health on an emotional and physical level.

Reflexology is for any age from babies to the elderly - male and female.

Reflexology functions

- Relieves stress and tension
- Improves blood and nerve supply
- Assists the body to heal from health conditions

Areas worked on:

- Digestive system
- Respiratory system
- Endocrine system
- Lymphatic system
- Skeletal and nervous system
- Senses
- Reproduction
- Skin
- Urinary
- Cardiovascular

TIME TO HEAL Reflexology

A session usually lasts
between 45 mins – one hour.
Sited in Dainfern Golf Estate in a
relaxing atmosphere.

DAINFERN
College

CELEBRATING COLLEGE HONOURS

In line with its motto of 'Celebrate', Dainfern College recognises and rewards both effort and excellence from its students.

Students at Dainfern College are encouraged to take full advantage of the holistic education opportunities at the College. The Preparatory School gives students exposure to the wide variety of sporting and cultural activities on offer and recognises both commitment and skill. High School students are encouraged to hone their skills and work towards specific goals through a structured and innovative colours and awards system that celebrates effort and achievement in all areas of College life.

The highest award that the College can bestow on a student is College Honours in the form of the Red Blazer. The Red Blazer celebrates the achievements of those exceptional students who have achieved a minimum of full colours in at least three of the five pillars of a Dainfern College education: Academics, the Cultural Arts, Sport, Service and Leadership. A white scroll extracurricular award recognises provincial or national representation in codes not offered at the College, and can replace an internal sporting or cultural achievement.

As the College believes in encouraging growth through extended effort and dedication, Red Blazer recipients students also need to show evidence of their commitment to an activity over a period of time and thus must have achieved Prestige awards (which recognise four years of commitment

to an activity) in at least two of these areas. In addition, students will only be considered for a Red Blazer award if their conduct is exemplary and epitomises the values of the College.

Despite the restricted opportunities resulting from the COVID pandemic, the College recognised seven students with the prestigious Red Blazer in 2021: Nerissa Govender, Simone Killops, Katelyn Marais, Devashen Naidoo, Megan Pike and Jenna Sampson in Grade 12, and Jeff du Toit in Grade 11. The countless hours of commitment and the high level of skills required to achieve across their varied disciplines show that these recipients of the Red Blazer are genuine all-rounders at the highest level, rather than specialists in one field.

The College is immensely proud of these young men and women who have shown grit and determination in such challenging circumstances. They have taken every opportunity afforded them during their High School journey and shown that Dainfern College is indeed a 'World of Education', offering 'An Education for the World'.

Visit www.dainferncollege.co.za or contact enrol@dainferncollege.co.za to find out more about Dainfern College and to arrange a tour of the school.

Chartwell Equitherapy Centre

Chartwell Equitherapy is affiliated with SATRA (South African Therapeutic Riding Association) Chartwell Equitherapy Centre promotes a children's stimulation program on the back of a horse.

Learning made fun!

Why is horse riding therapeutic:

The rhythmic movement of the horse during equestrian therapy stimulates the effective functioning of the vestibular system and also promotes its functioning. The vestibular system is essential for normal movement and equilibrium.

The vestibular system is a sensory system that is responsible for providing our brain with information about motion, head position, and spatial orientation.

It is also involved with motor functions that allow us to keep our balance, stabilize our head and body during movement, and maintain a good posture.

The vestibular system includes the parts of the inner ear and brain that help control balance and eye movements.

Therapeutic horse riding improves:

- Low muscle tone
- Core, back and hip muscle development
- Balance and posture
- Bilateral integration
- Laterality
- Eye muscle coordination and eye muscles
- Speech
- Fine and gross motor
- Hand eye coordination
- Motor planning / praxis
- Hemispheric integration
- Unilateral and bilateral movements
- Sensory integration

And much more...

ANIMATED GALLERY

Our programs are professionally developed by an occupational therapist to maximize your child's total body and sensory development.

Dysfunction in sensory integration leads to the inability to modulate, discriminate, coordinate or organize sensation adaptively.

Therapy on horseback makes children learn through their 5 senses which include:

- Touch - tactile
- Sound - auditory
- Sight - visual
- Taste - gustatory
- Smell – olfactory

We work out our programs using our 6 boxes, these boxes include:

- Fine motor and eye-hand coordination
- Somato-sensory system
- M.O.R.E program
- Auditory perception and listening skills
- Eye-muscle coordination program
- Dyspraxia

For further information regarding the Equitherapy contact:

Therapist:
Yolani Boersma

"Swifts in a Tower"

Summer is here and the European Black Swifts are back again. Each time I look up at the sky and see those graceful birds flying at speeds more than 111km/h, I think of the film "Swifts in a Tower" which I saw many years ago.

This film was based on the Late David Lack's book "Swifts in a Tower". It showed the inside of a Tower in England with swifts raising their chicks. The nestling period is very long because the chicks have to be completely ready to fly when they leave the nest. We see how both adults and chicks suffer from heat in the tower during the warm summer months.

Swifts spend most of their lives on the wing. They even spend the whole night high up in the air supported by thermals. This was discovered when Radar was invented. There were strange images on the Radar screen which proved to be swifts sleeping high up in the air.

Nesting material such as pieces of paper, pieces of grass, moss and other bits of very light material are all collected on the wing and eventually made into a nest. Swifts even mate in the air and only come down to make the nest, incubate the eggs and feed the chicks ,

The film stated that when a chick flies out for the first time it does not sit down for a period of 4 years. This is how long it takes for the chick to mature sexually and this is when it returns to the tower to find a mate and nesting site and start its own family.

But recent research states that the European Swift holds the record for uninterrupted flight. It is said to be continuous for 10 months. Is it possible that David Lack could have made a mistake? I would like to read his book again. Apparently it has been updated and reissued by his son Andrew. The book is available and can be ordered but I have ordered books from England before and never received them.

Of course David Lack's research tools were only personal sightings and ringing results. If he had been able to use today's transmitting tools instead of rings we would have a far more accurate record of this bird's habits.

But in spite of him not having today's modern equipment David Lack's methods were extremely efficient,

He even found a parasite in the nests of the breeding swifts. When the parents left the nest to start their journey Southwards , this parasite would lay its eggs in the nest, ready to hatch as soon as the swifts would once again return.

So a very strong believe that I have had ever since I saw the film may very well prove to be a fallacy. I have told the story about the young Swift's 4 year journey to many people in private conversations and in public talks.

I may have been wrong but I still think it is a good story.

BIRD OF THE MONTH

by André Marx

White-faced Whistling Duck

Dendrocygna viduata

This is a striking duck with a black-and-white head, rufous breast, and barred flanks. It is found in freshwater marshes, dams and lakes and is often in flocks, sometimes numbering in the hundreds. This bird has a characteristic three-syllabled whistle “swee swee sweeu” usually in flight, thus it is also called the whistling duck.

White-faced Ducks spend most of their time on sandbanks and on the edges of dams and behave more like a goose than a typical duck. The habitat is still freshwater lakes or reservoirs, with plentiful vegetation, where this duck feeds on seeds and other plant food. In Dainfern the birds often favour the grassy banks of the dams in Sawgrass Village, as the dams here have emergent vegetation and are reasonably quiet and undisturbed.

The White-faced Duck feeds on underwater tubers and seeds of aquatic plants, small aquatic animals and invertebrates such as insects. Most of their food is obtained by diving and much foraging takes place at night, so there is a lot of nocturnal flying. During the day they can often be seen roosting near water where they will stand and preen themselves. This is a noisy bird and the distinctive high-pitched whistle is very un-duck like.

Breeding takes place mostly in late summer with a peak in December-March. Nests are built with leaves

on the ground, in marshes as well as in hollow trees. Clutches consist of 6-12 eggs with both partners incubating the eggs for 28-30 days. The ducklings are hidden in aquatic vegetation by the parents.

There is a good deal of nomadic movement with regard to variations in water and food availability, so birds will seem to be more common at certain times of the year as these changes take place.

The species does not appear to be threatened in our region and populations are thought to be stable. Sightings of groups of these attractive birds are a welcome sight in our estate. However, the White-faced Duck's aquatic habitats need special conservation attention. In our estate the dams that it favours in the Sawgrass area are particularly important for its continued presence.

National Sterilization Project

The National Sterilization Project are fighting for animals that need saving by sterilization.

At the National Sterilization Project we pride ourselves on reducing the amount of unloved, unwanted and abused animals on the streets by Mass Sterilization Projects. If we are able to continue our good work, we can stop 67000 animals from being born into devastating conditions that they can help themselves out as well as stop the hundreds of animals being put down weekly in South Africa.

As a Non-Profit organization we rely on the public to help us in saving unwanted and uncared for animals so that they can get a fighting chance at living a much more conducive life, free of abuse, neglect and the burden of hunger.

Please help us to continue our mission to save our deprived animals.

The National Sterilization Project is pleading to kind hearted individuals and Companies to join us on our mission to save the lives of these voiceless Animals.

We also will spread the word about your business. Please note all donations are taxable and could be claimed back from SARS. Please send me a P.O.P should you donate, in that way we can access a Tax Certificate for you.

Should you donate kindly use the following details as your Ref: Your NAME and SURNAME AE119. To make a donation visit our website <http://nsp.org.za/>

Your donation will go a long way!

BESLINE - We highly recommend Besline who has been with us for nearly four years. She is such a phenomenal worker and is amazing with our kids. She would be an asset to any family. Beslina Ncube 670620 0249 080. Tel: 076 419 6498

MERIAM has worked in Dainfern for 18 years. She is loyal, honest and an excellent domestic worker. She is totally capable of undertaking all household chores, and is an excellent ironer. I shall be sorry to lose Meriam due to our relocation. She is looking for work in Dainfern for Monday to Friday. Contact Jill on 072 229 9111 for references.

LINDA – Linda is looking for a full time work or part time work. She is a wonderful worker and has a certificate to look after children. She also loves animals. Her English is good and is a lovely person. Please contact Linda direct: 073 347 1719

TAPIWA is currently seeking permanent live in employment. Her previous employees have returned overseas She was employed to look after a baby and 5 year old, also worked in the house. She is a hard worker and of a pleasant disposition. Please contact her directly on 084 081 3385.

RACHEL MDLULI, has been employed as our housekeeper for 5 years. We are relocating and she is looking for a full time live-in job. Rachel is Zimbabwean with permanent residence in South Africa. She has a friendly disposition and takes pride in her work. She is hardworking, honest and reliable. She took excellent care of our special needs son and our 2 dogs. We travel often and she coped with all the demands on her own. She is meticulous with ironing and cleaning and she is an excellent cook. Rachel comes highly recommended. Please call Rachel on 073 527 2282 or Elize 082 554 6991 for a reference.

Domestic helper available for immediate start. **PRISCILLA MPOFU** worked for us for 4 years and unfortunately her new employer was unable to move to Johannesburg due to the pandemic. Priscilla is very hardworking, kind and gentle. She is a fantastic cook and is wonderful with children. She completes her work to an extremely high standard and I have no hesitation in recommending her as a domestic helper. Please contact Priscilla on +27 604470594. If you have any additional questions for her previous employer please email Lindsey at ljwills@gmail.com.

FLORENCE - highly recommended domestic worker, housekeeper and nanny. 100% honest & trustworthy, bright, hardworking, reliable, punctual and communicate excellently. She is warm, loving and kind. Please contact Leanne Roux on 082 641 5964 or John on 072 587 2786

RACHAEL is looking for full time or part time work- live in /live out. She has been working in Dainfern for many years. Sadly her full time employer has moved to Cape Town. Rachael is excellent at carrying out her duties and is wonderful with dogs too. For reference you can contact: Bradley 072 529 4278 or Rachael 079 995 5101

CHIPO NYONI. Cell no. 062 968 0923. Our part time household assistant, Chipo, is looking for employment on any day of the week due to us leaving Johannesburg at the end of the month. Chipo has worked for us for 6 years and is incredibly hard working, honest, reliable and proactive.

EMILY our house help of 15 years has three days per week free. She is outstanding with cooking, cleaning and ironing. She is quiet and trustworthy of nature. ID no-6102160424089. Audrey Elskie. 084 975 7902
