OUR SCHOLARSHIP OFFER

marketing exercise at a top South African monastic school a few years ago asked parents why they had chosen the high school for their children. Was it the undoubted excellence, the topnotch sports programme, the school's long and proud history, the 'old school tie', the prestige of a top school? The result? The overriding reason was that the school was conveniently situated.

Convenience

Dainfern College, situated on Broadacres Drive just outside the Golf estate, draws over 70% of its students from the surrounding estates. With the traffic gridlocks in Fourways showing a world-class school on the doorstep cannot be denied. The school is close to home, easily accessible on foot and by golf cart, friends live close by and parents can easily pop in for events and sports fixtures.

But convenience is but one aspect of the Dainfern College offer.

Then: Grade 8 students and Matric leaders at the Grade 8 Welcome Camp 2019

Excellence

Established in 1997, Dainfern College is a standalone independent school that celebrates diversity and welcomes families of all faiths, nationalities and cultures. The school has a Christian ethos based on the traditional core values of Fortitude, Integrity, Selfdiscipline, Humanity, Accountability and Respect.

With world-class facilities and an outstanding 22-year record of 100% pass for Matric, Dainfern's High School offers its students a relevant, excellent education with a wide range of academic subjects to prepare students for university and the world of work. no signs of abating, the convenience of Elective subjects from Grade 10 include:

- Accounting and Business Studies
- Computer Application Technology, Engineering Graphics & Design and Information Technology
- Dramatic Arts, Music and Visual Arts
- Geography and History
- Life Sciences and Physical Sciences

Now: The young men and women of the Matric Class of 2023

The College follows the IEB Matric syllabus, which is well recognised both within South Africa as well as overseas. The school prides itself on its technological systems and expertise and has recently added a large collaboration facility and makerspace 'Garage' to its impressive academic facilities. Extra academic support lessons every afternoon are included in the fees and the school counsellor is available to students at no extra cost.

Nurturing

The College has a well-established mentor and tutor system in place to ensure that every student is supported and cared for throughout High School. The High School offers three classes per grade with an average class size of 25 in Grades 8 and 9. Once students select their subjects for Grades 10-12, classes are often smaller, ensuring that every student is well supported throughout their educational journey.

Holistic

The school's holistic offer includes sporting, cultural and service activities in addition to the academic programme. Its comprehensive list of extramural activities, all included in the fees, include:

Sport: Athletics, Basketball, Cricket, Cross Country, Golf, Hockey, Netball, Rugby, Soccer, Swimming, Tennis & Water Polo (Equestrian is also recognised but is for parents' account)

Culture: A Cappella, Art Club, Bands, Chess, Debating, Drama, Marimbas, Music Ensembles & Public Speaking

Service: Audio-visual Services. Cheerleading, First Aid, Outreach & Photography

International opportunities

Membership of the international network of Round Square affords Dainfern College students the opportunity to travel locally and overseas, go on international student exchanges, and attend local, national and international conferences.

SCHOLARSHIPS FOR **GRADE 8 2025**

The College offers academic, sports, cultural and all-rounder scholarships to Grade 8 students. Students must apply in their Grade 7 year and will write two assessment papers in Term 1. Offers are finalised in Term 2.

To find out more about the scholarship offer for Grade 8 2025, contact Mrs Fiona Siebert at 011 469 0635 or

DNA Newsletter

Dear Residents

What a busy year this has been for the Dainfern Nature Association.

Maintenance

We definitely have seen a huge improvement this year, by pro-actively eradicating the weeds before they grew, spreading their nasty tendrils around the stems of tree trunks or up and into the shrubbery or before they germinated and went to seed. Doing this job once they are established takes double the amount of time to eradicate them, but we are winning thankfully. Our biggest challenge was the eradication of invasive plants and weeds, especially in Bush Baby area.

Controlling of the reeds in the dams was another challenge this year. With the silting up of the top Saw Grass dam, keeping the reeds maintained is hard work as they grow like wildfire. We made sure that we got the better of them, by continually cutting back every couple of months as they do cause problems and stop the flow of water. A fine balance needs to be maintained at all times in order to keep the dams looking good. Cutting back reedbeds, removing the Water Hyacinth and the Flag Iris's at the same time trying to keep the birds happy ... quite a job.

We will continue with invasive weed removal, and we will hold the fort with Turfnet over the festive holidays and give thanks for having had, another happy and successful year.

Nature Trails

If you haven't walked all our beautiful nature trails which have been created throughout the Estate, these holidays are a good time to do so.

Golf Cart

Our new nature utility golf cart/buggy has been a huge help in maintaining all of our areas. It has allowed our supervisor to quickly get to and from different areas of work. Transferring people, tools and other material as well as checking on areas of work. This has speeded up the overall process for which we are very grateful.

Keeping the river clean

It is now our busy fun and games time of the year, with the river debris and flooding clean up. Please be patient as this take a lot of time and is a continuous project as the rains fall.

Front cover competition

We have some amazing photographs submitted for the front cover competitions. If you would like to review them or any of our Infocus magazines, please go onto the Dainfern website.

Please email your entries for the competition to cobbie@global.co.za

DNA Events

We held a successful reptile talk and various bird walks throughout the year and ran a successful AGM.

We also said a sad farewell to our committee member André Marx, who we dedicated and renamed our DNA trophy after. The trophy is awarded to a person who has performed an outstanding task supporting wildlife, plant bird life on the Estate.

Please send recommendations for nominees to Dave Wibberley at davew@adroit.co.za

Dainfern In Focus magazine

We were delighted to bring out a printed version in August celebrating 21 years of InFocus and again a print version for this end of year issue. We thank all our advertisers and contributors who enabled us to do so. Proceeds from this magazine enable us to continue the work that we do within the Estate.

2024 is the year that we will be starting with the wildlife monitoring and evaluation on our Estate. We will be using technology such as camera systems, as well as calling for volunteers from our residents with an interest in wildlife to assist.

Thank You

We thank all the committee members, Turfnet and Maintenance team for all their hard work and dedication. Wishing you all a happy and safe festive season from the Dainfern Nature Association.

OPERATIONAL REPORT

Successful Events held **Blood Drive**

The final blood drive for the year was relatively well supported. We thank the residents that did take the time to visit the Clubhouse and donate blood.

Christmas Market

We had a delightful Christmas Market with over 60 vendors providing us with a wonderful variety of clothing, shoes, jewellery, décor, food, and trinkets – just in time to do our Christmas Shopping.

Halloween Fun

Halloween this year was, as always, a fun-filled afternoon with plenty of treats on offer.

Families came together and dressed up - Moms and Dads as well as children showcasing their dress-up outfits, and were they a sight to be seen. We had several face painters to ensure that every child had their face painted (including some designs on their hands and arms too) and we were able to accommodate the parents who wanted to match their children.

The children were beyond spoilt for choice in entertainment with a balloon artist who created some amazing designs, and a temporary tattoo artist who assisted with some spooky temporary tatoos as well as "Uncle Dum Dum" the magician who kept both parents and children entertained with plenty of magic and laughter.

At 6pm everyone left to start trick-or-treating at the homes of residents who signed up to participate in Halloween this year.

A big thank you to the residents who made a huge effort to decorate their homes and golf carts for this annual event - it truly added to the fesitivity of the evening.

Special thanks to Caroline Nixon from Seeff Properties for the sponsorship of Trick-or-Treating Bags and additional race painters from the Diepsloot Theatre, they were amazing.

Christmas Carols

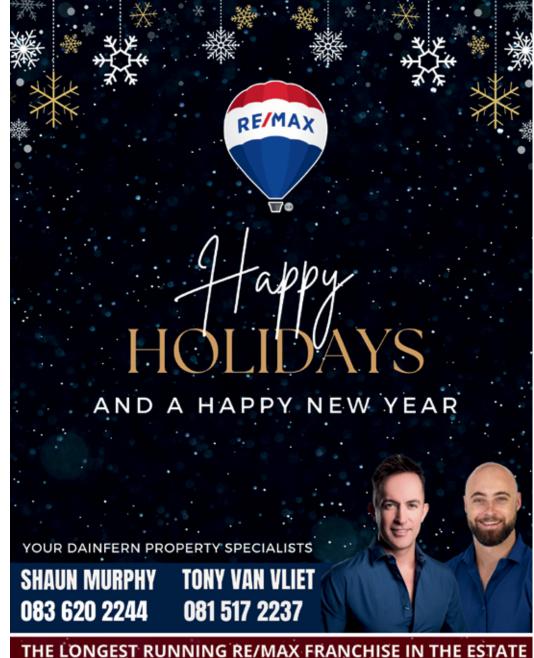

Date: Saturday 2 December

We can't wait for our Christmas Carols this year - especially the special surprise awaiting all our children.

Heavy Rains

On Tuesday 7 November we recorded 40mm of soft sifting rain throughout the day. This meant that our river was absolutely gushing with all the water coming down. Thank you to the Turfnet team for quickly jumping in and collecting all the rubbish that washed down the river and was deposited onto the riverbanks and onto the golf course.

OPERATIONAL REPORT

continued from page 10

Please note:

We ask all parents to be extra vigilant with their children around swimming pools at this time of year. Unfortunately, this is the season where there are a larger number of reported drownings.

Shocking statistics from the National Sea Rescue Institute:

We cannot afford to ignore the perils of drowning - and the value of water safety measures. On average there are approximately 1484 drownings in South Africa annually, of which 29% (450) occur amongst children under 14 years.

www.nsri.org.za/water-safety/

Taking action to minimise risk is the best approach to keeping everybody safe around your pool:

- Install a pool fence around your pool.
- Put a pool cover on top of your pool (with the addition of a pool fence for extra safety).

- Flotation devices to be used under the supervision of adults.
- Supervision is always key when children are in or around the swimming pool.

Festive Season Safety Tips

We remind residents to be alert whilst at shopping centres this festive season. Check carefully that your car is locked before you leave it and that valuable items are not visible through the windows. Please be alert, aware and safe always.

Christmas

Our Estate feels a lot like Christmas now that the beautiful decorations are up at both gates and around our Estate.

We wish everyone a blessed Christmas, a good break and may you be refreshed and ready for a successful 2024.

This year was a tough year for property sales, with a significant drop in the volume of sales. This was not unique to Dainfern but, spanned across the areas of the northern suburbs. My advice for 2024 is that if you are planning to put your home onto the market, spend some time, effort and money on your home before listing. Little improvements go a long way to securing a fast sale in an ever changing market.

Wishing all our clients a safe and Happy Festive Season! Call Matt, Nicci and Sue to assist you!

How to keep mosquitoes at bay

These pretty mason-jar party lights help to keep mosquitoes away as well as giving a lovely lighting effect.

These, quick and easy to make mason-jar lights not only help to ward off mosquitoes and other irritating insects, they also look so pretty smell good and completely natural. There are many herbs and essential oils which deter mosquitoes.

The smell from fragrant herbs is the result of the distribution of tiny globules on their leaves that contain oils. High temperatures, for example, can cause the globules to become volatile, evaporating the essential oils and turning them into vapours, which repel many insects. The many globules on the underside of rosemary leaves are one of the best examples of this.

How to make a Mason Jar Party Lights

You will need:

- Mason Jars or any pretty glass container.
- Essential oils: choose from Cedarwood, Citronella, Clove, Lemongrass, Lemon, Cinnamon, Rosemary, Tea Tree, Thyme, Eucalyptus, Lavender or Peppermint. You can use as much oil as you like, but about 10 to 20 drops per jar should be sufficient.
- Fresh Lemons or Limes, sliced
- Whole Cloves
- Fresh sprigs of herbs of your choice
- Water
- Floating tea light candles

To Assemble:

- Place the fresh herbs in the jar and fill 3/4 with water
- Add the essential oils and stir gently.
- Push several whole cloves into the slices of lemon or lime and place in jar.
- Add more water if necessary to raise the level to almost full.
- Place a floating tea light candle on top, set outside and light to create some magic!

Replace tea lights as needed and discard after 2 to 7 days depending on your climate.

Rinse jars and start fresh as needed.

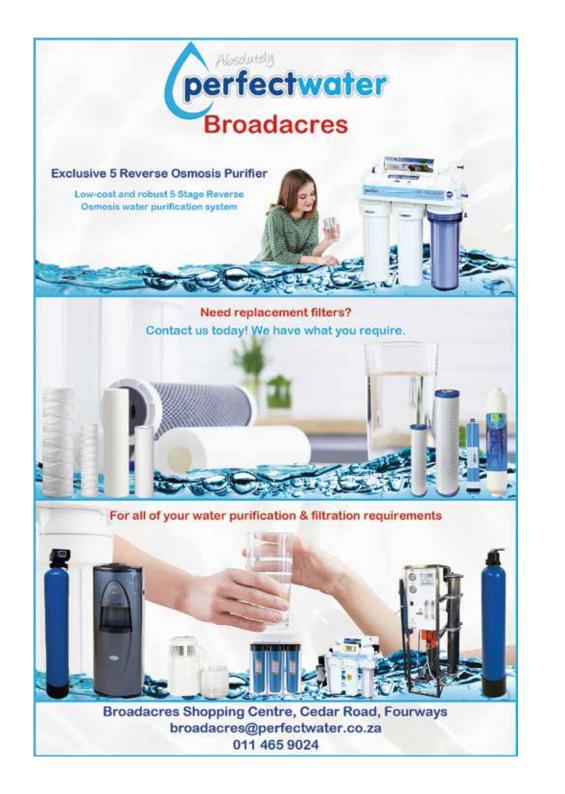

TIP: If you are making these a day or two before you want to use them, you can add the essential oils just before you light the candles; and you can add more drops during the evening to keep the fragrance going.

LEGAL MATTERS

Lost your original Title Deed?

Written by Tamaryn Campbell - Attorney, Conveyancer and Notary Public

An original Title Deed is an extremely important document that needs to be kept very safe. The original Title Deed would have been provided to you in the following instances:

- 1. The property was bought cash; or
- The mortgage bond you had registered over the property has been paid off and cancelled and the original Title Deed was provided to you.

It is important to remember that if you bought the property and registered a mortgage bond over the property, the bank will keep the original Title Deed as security against the debt you owe.

What happens if you have lost or cannot locate your original Title Deed? The Deeds Office has changed the prescribed procedure to try and combat fraud.

The Deeds Office provides certain procedures for a property owner whose original Title Deed has been lost or destroyed. The conveyancer attending to the transfer of your property, will attend to a Regulation 68(1), for the Deeds Office to provide your conveyancer with a certified VA copy to replace the lost original Title Deed. The procedure for the Regulation 68(1), is an application whereby a property owner signs an affidavit in front of a Commissioner of Oaths confirming that the original Title Deed has been lost or destroyed.

If the original deed for the bond is also lost, the bond holder will have to sign a consent confirming that the title deed is not in their possession and that there is no objection to a copy being issued.

Prior to a certified copy being issued by the Deeds Office, an advert must be published in the local newspaper, circulating in the area where the property is situated, giving notice of the intention to apply for a certified copy. The advert must lay open for inspection for a period of 2 weeks and during this time, any party that has an objection to the issuing of the certified copy, must file their notice of objection with the Registrar at the Deeds Office.

Once the notice has been published for the 2 weeks, with no objections being filed, the application for the issue of a certified copy of the title deed is lodged at the Deeds Office. The Deeds Office issues a copy from the records and an endorsement is placed on the copy, which states that it is a certified copy in terms of the Deeds Office Regulations and that it takes the place of the original. The issuing of the copy will also be noted at the Deeds Office as a "VA" copy on the data records.

It is extremely important that property owners contact their conveyancer if they are not in possession of the original Title Deed to ensure that they can start the lost deed application process immediately and avoid delays.

Christmas Decor Trends

The holiday season is upon us once again, and it is time to deck the halls with the latest Christmas decor trends of 2023!

This year, interior design enthusiasts are embracing a delightful blend of timeless elegance and playful whimsy, creating a festive atmosphere that is both cozy and chic. Here are three Christmas decor trends that will transform your home into a winter wonderland.

Bringing Tranquillity to Your Space

Say goodbye to bold, vibrant colours and welcome the soothing embrace of soft neutrals. In 2023, Christmas decor is all about calming tones such as muted greys, pale blues, and gentle creams. These subtle hues create an elegant and tranquil atmosphere, allowing other elements of your decor to shine. This paired-back look feels simple and peaceful. Consider adorning your tree with delicate ornaments in these understated shades, creating a harmonious and sophisticated look.

White Christmas Trees:

A Modern and Elegant Statement

This year, traditional green Christmas trees are taking a backseat to their elegant and sophisticated counterpart – the white Christmas tree. White trees serve as a blank canvas, allowing you to play with a myriad of colours and themes. Adorn your white tree with ornaments in metallic shades, soft pastels, or even bold jewel tones for a striking contrast. Decorating with a monochromatic theme looks elegant on a white Christmas tree. White Christmas trees are versatile and can be styled to suit any decor theme, making them a favourite choice among interior designers and enthusiasts alike.

Woodland Whimsy:

Embracing Nature's Beauty

Nature-inspired decor continued to trend in 2023, with a particular focus on woodland elements. Think pinecones, rustic wooden ornaments, and garlands made of twigs and berries. Create a cozy and inviting atmosphere by incorporating elements like faux fur tree skirts and animal-themed ornaments. Woodland decor not only brings a touch of nature indoors but also adds a sense of warmth and comfort to your home during the chilly winter months.

NATURE

By Wim Spronk www.youtube.com/@WimSpronk/videos

The Giant Kingfisher in my garden

Quite often when I return from a long trip and show friends Video footage and still photographs of Nature subjects, I get told how lucky I am lucky to have been in the right place at the right time and lucky to have witnessed certain behaviour patterns which always seem to crop up when you arrive at a certain place.

Wim Spronk

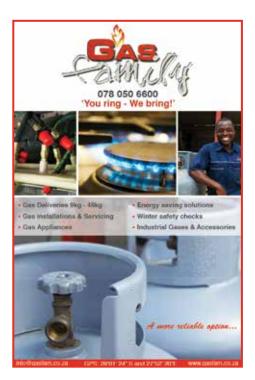

They forget the countless times when I have come back with absolutely nothing to show. When there was nothing worth filming or when I was in the wrong place at the right time or when subjects did not act the way they were supposed to.

Whenever friends go to the Kruger Park they come back with lovely shots of the Giant or Pied Kingfisher which apparently sits and waits for them on the bridge over the Sabie river, but when I go over the same bridge I never see them.

But recently this luck changed. I had just finished taking a shot of the Wild Peach tree in my garden and sat back in an easy chair. The camera still on a tripod, I was sipping a cool drink when a Giant Kingfisher landed on the roof in front of me. I could not believe my luck! It sat still for a while and then dived down into my fish pond. It did not catch anything, but it stayed down on the rocks and caught several Tilapia. I was able to film everything under ideal conditions .

It came back three days in a row and then disappeared not to be seen again.

But boy was I thankful.

Dress for Success SALE

The "Dress for Success Sale" on 4th November for staff was a resounding success, earning a good amount of cash for numerous charitable projects run by **Bags of →** and Kamaria-Maison Foundation in Dainfern. This year, the two big sales have brought in almost R40 000. The staff were delighted with the great bargains and fabulous prizes they won in the raffle. We thank everyone who donated clothing and household items – plus all those who supported it in any way.

It's thanks to YOU that we were able to provide such a great selection to the staff.

Next sale: March 2024.

PLEASE REMEMBER!

Donation Day at 1361 Woodgreen Way is from 08h30-11h30 every Wednesday only. Good quality clothing, nursery-school books, toys and new toiletries & food are always welcome and would be greatly appreciated. **Please** refrain from dropping off broken and soiled items!

Wot-If Foundation in Diepsloot

Repair Café

The Wot-If Foundation in Diepsloot is offering a programme to unemployed people, to learn how to fix appliances for customers or re-sell to earn a living. If an item is irreparable, it's parts can be utilised for other repairs.

This amazing project is not only designed to keep defunct appliances from filling landfills but is also providing people with skills which will be taught during "repair cafes".

Until further notice you can drop donations for this project at **Bags of →** at 1361 (on Donation Days only).

WILDLIFE

By Sean James - Turfnet

Butterfly Gardening

in South Africa

Consider the following criteria:

- 1. The butterfly patch must be north facing so that the area receives maximum sunlight. Sunlight is a critical factor for the survival of the butterflies. Most activity will occur between 10:00am and 3:00pm.
- The direction of the prevailing wind should be protected by some kind of barrier. One can create this barrier by planting a hedge or trees.
- 3. The patch should be in an area of the garden, which is convenient to you so that you can gain maximum satisfaction from it. The patch should however be in a quiet area of the garden.

Practical hints for your butterfly patch:

- 1. Wherever using larval hosts or nectar plants, always group them together. This is also more pleasing from an aesthetical point of view.
- 2. Place access routes leading to inaccessible parts of the garden. Stepping-stones will lead you to the area so that the butterflies can be easily seen.
- 3. The preferred feeding height of certain butterflies should be kept in mind. Preferred height is about 1 meter.
- 4. Mix the special flowers, which please you along with butterfly attracting plants for mutual enjoyment.
- Avoid pesticides if possible. There are effective natural products on the market.

By planting a larval host in your garden, by preserving what you have previously regarded as a weed, or by including some natural flowers a butterfly haven can be created for your pleasure.

Mixed Berry Pavlova

Serves 8

4 large egg whites • 200g caster sugar, plus 1 tsp for marinating • 1tsp corn flour • 500g double cream • 2 tbsp lemon curd • 1 tbsp icing sugar, plus extra for dusting • 400g mixed berries

Pre-heat oven to 130°C. Using an electric whisk, whip the egg whites until they become stiff. Gradually add spoonfuls of sugar, whisking well in between each spoonful, until all the sugar is combined, and the whites are stiff and glossy. Spoon the meringue onto a baking sheet lined with silicone paper and spread into a circle. Build up the sides of the pavlova so when cooked, there will be a well in the centre for the cream. Place on the middle shelf of the oven for 1 hour.

To Prepare the fruit, slice the strawberries and combine them in a bowl with the other berries and 1tsp caster sugar and set aside or marinate.

After 1 hour turn off the oven and leave the meringue in to cool. It should be crisp and slightly golden, but it will still be soft in the middle. When it's cool, carefully slide off the paper onto a serving plate.

Beat the cream to soft peaks and spread in the middle of the pavlova. Drip and drizzle the lemon curd over and top with the berries and give it a final dusting of icing sugar and serve.

ASTRONOMY

By Himkaar Singh CEO of Telescope Night (Pty) Ltd

Star Events

in December

December is a blessed month with so many things to see in the skies.

We are already in the Geminid meteor shower which peaks on 14 December and ends by 24 December, but 12 December is New Moon so it will be the best day to look for shooting stars. Look in the direction of the Gemini constellation after dark, You can use an App called Sky View lite, to find where that is. There is an expected peak of 120 meteors/hour, which is quite high, and we are lucky in Dainfern with darker skies than the cities, so we may appreciate it more. Eskom may also aid us if they are so kind.

The meteor shower occurs because the Earth passes through a parcel of space debris left over by a massive asteroid (3200 Phaethon) that passed an unknown amount of time ago. That means it occurs every December when the Earth passes through the same parcel.

Did you know meteors cause the Earth to increase in mass by 50 tons per day?

Other than flying rocks, in December you can also see Saturn and Jupiter, quite bright overhead with the naked eye. You'll be able to see the rings of Saturn and the moons of Jupiter quite clearly with an 8 inch telescope.

In the early hours of the morning, before sunrise, you can see Venus clearly in the East, and you might be able to see Mercury if you don't have crust in your eyes still.

Gardener (Malawian), **ARGENT** has some free days for garden work. He is extremely hard working and reliable. Will also wash cars and clean pool. For ref. Theo Caras 073 165 2646. Argent 071 1813268.

HAPPY my gardener does painting; gardening and his a handyman. He has three days available per week. His outstanding and highly to be trusted the last 7 years. Call Audrey on 084 975 7902.

Our hardworking and reliable gardener, **GEORGE** has Monday, Tuesday, Wednesday, Friday or Saturday available and is desperately looking to fill these up on account of two of his Dainfern employers recently emigrating. He has worked in Dainfern for many years and for us on Thursdays for the last 5+ years. You can kindly contact me, Simon, on 082 561 8028 or George directly on 084 451 7778.

Our Zimbabwean gardener, **JAMES**, is looking for work on a Tuesday. In addition to the garden/pool/car washing that he does for us, he's great with our dogs and has a driver's license. Please contact James on 071 927 5176. References available.

HARRIS: [Staff ID: MA5999530] I highly recommend Harris who is a very experienced 12-year gardener. He has a car and can drive. He works hard and honest. He can be reached at 0834342161.

WILLY MAMABOLO has been in our employ fulltime for over 12 years. We have relocated to Cape Town so he is seeking new employment. Whilst he has been with us he has completed short courses in Woodwork and plumbing which has enabled him to do some handyman-type jobs, in addition to his usual role in the garden (including the pool). He has a current class C driving licence but has not had any experience; so we have given him extra driving lessons with a driving school. We have found him to be honest, trustworthy and loyal; a good worker in that when give tasks he will work at them conscientiously until they are completed. Willys' phone number is 076 101 7217.

GARDENER – GIFT has some free days for gardening. He is extremely hard working and reliable. Gift is able to work independently and does our garden, cleans the pool and washes cars. You can contact

myself for references on: Lynne 083 266 7510 and Gift 073 281 3827

HARRISON (Malawian) is looking for a gardening job on Mondays and Thursdays. He is very reliable and has a great sense of humour. My pool sparkles and my garden is immaculate. He cycles to work so no taxis. Harrison's cell is 073 654 9800. My cell (for reference) is 083 250 0699 (Joan).

MAKIRIA (" MIKE") DIKOTLA is looking for work as a gardener. He lost his job as a security guard at Lanseria Airport during the height of (and as a result of) the Covid pandemic. He is extremely hard-working and displays initiative. You can contact Mike on 061 310 5582. Please free to contact me (Gary) on 072 728 1810 for a reference.

MAVUTO GAMA is looking for work as a driver or houseman. Due to divorce/relocation, Mavuto has found himself without a job. Mavuto was instrumental in running our household during the many times we were away. He is great with pets and is a very good driver. Mavuto has an amazing work ethic, is conscientious and always on time. He is extremely trustworthy. He always took the initiative on what was needed doing around the house and garden. I cannot sing his praises enough. Mavuto can be contacted on: 064 182 1745. Please feel free to contact me – Nadia, on 083 717 8407 for a reference.

MY NAME IS SIFISO and I currently work in Dainfern. I like to garden and am very good at maintenance, painting etc and your dogs will love mel Contact 078 291 3299.
